EDUCATION

Bachelor of Engineering in Information Technology
D.Y. Patil College of Engineering, Akurdi, Pune

CGPA - 9.46
Aug 2023 - 2026

Diploma In Computer Technology
Government Polytechnic Nashik

Percentage - 91%
2020 - 2023

SKILLS

- **Programming Languages** : Java, JavaScript, Python, C++
- **Technologies and Frameworks** : React.js, Node.js, Express.js, Next.js, Redux, RESTful APIs, JWT, Socket.IO, GraphQL
- **Databases** : MongoDB, MySQL, SQL, PostgreSQL
- **Tools & Platforms** : Git, GitHub, Postman, AWS (EC2, S3), Docker, Linux, CI/CD Pipelines, Jenkins, GitHub Actions
- **Core Competencies** : Data Structures & Algorithms, Object Oriented Programming, Computer Networking, Operating System, System Design, Machine Learning, Debugging, Large Language Models (LLMs), Generative AI Applications.
- **Soft Skills** : Clear Communication, Teamwork, Problem Solving, Active Listening, Eagerness to Learn, Initiative Taking

PROJECTS

FindMyNotes - Notes Sharing Platform [\[Github\]](#)

- Developed a full-stack collaborative platform enabling students to upload, categorize, and share academic notes across 10+ subjects / areas and 1000+ topics.
- Implemented secure JWT-based authentication, user profiles, and keyword-based search, improving content accessibility and reliability.
- Built real-time interaction features including chat, notifications, likes, and comments using Socket.IO, increasing user engagement by 40%.
- Optimized database queries and API performance with MongoDB aggregation and Express.js middleware, reducing search latency.
- **Tech Stack** : React.js | Node.js | Express.js | MongoDB | Tailwind CSS | Socket.IO | REST APIs | JWT Authentication

SensAI - AI Career Coach [\[Github\]](#)

- Developed a full-stack AI-powered platform offering personalized career guidance based on user skills, interests, and goals.
- Implemented intelligent user flows for profile input, skill analysis, real-time industry insights, enhancing recommendation accuracy by 35%.
- Integrated Gemini API to auto-generate custom resumes, cover letters, and learning roadmaps, improving user efficiency by 40%.
- Built secure authentication and mock interview Q&A quizzes, enabling end-to-end career preparation within a single platform.
- **Tech Stack** : React.js | Next.js | Tailwind CSS | MongoDB | Gemini API | REST APIs | NextAuth.js | Vercel | Chart.js | Bcrypt

Personalized News Aggregator with LLM-Based Summarization & Fake News Detection

- Building a full-stack web application that delivers verified, summarized, and personalized news content using AI and Machine Learning.
- Implementing automated article collection from reliable sources, fake news detection using ML models (TF-IDF + SVM/Random Forest), and LLM-powered abstractive summarization for quick, easy-to-read updates.
- Designing secure user onboarding with JWT authentication and integrating Python ML microservice for real-time content analysis.
- **Tech Stack** : React.js | Node.js | Express.js | MongoDB | N8N | Python (Scikit-Learn) | LLM APIs (Gemini) | Web Scraping APIs

EXPERIENCE

Software Development Intern

BLUESTOCK.in | FinTech | February 2025 - March 2025

- Developed a high-performance **React.js Single Page Application (SPA)** integrating TradingView Lightweight Charts to Visualize **1,000+ live stock data points** with optimized rendering and real-time updates.
- Built and deployed **RESTful APIs and microservices using Node.js/Express, ensuring efficient data handling and modular backend architecture.**
- Collaborated with the engineering team to **optimize API response times and frontend performance, achieving a 25% reduction in data fetch latency.**

ACHIEVEMENTS & CERTIFICATIONS

- **Solved 500+ problems on LeetCode and 300+ problems on GeeksforGeeks** [\[Link\]](#)
- **Certified Software Engineer** – HackerRank
- Represented School and College at State and District Level in Chess competitions
- EduSkills Academy – **Python Full Stack Virtual Internship** (2024) Monitored by College Faculty

POSITIONS OF RESPONSIBILITY

Technical Lead | ITESA (Information Technology Engineering Student Association) | 2024 - 2025

- Organized various tech related events like Hackathons, Coding Contest and Provided mentorship to junior members and students.

DSA-CP Technical Lead | GDSC (Google Developer Student Club) DYPCOE | 2024 - 2025

- Promoted DSA-CP in Campus through - December DSA Program and Conducted DSA workshops and CP sessions
